FRESNO CITIZENS HONOR LOCAL WOMAN WHO GIVES HER ALL

Mrs. Mary J. Wyman of this city, known as the "Greatest patriotic mother of the world" was presented with a valuable gold service pin by her Fresno admirers on Wednesday last. Mrs. Robert G. Drady of San Francisco came down accompanied by her niece, Miss Salame Curthbert Barnett, the latter pinning the precious jewel to the garment worn by the proud mother of seven sons who are now fighting for Uncle Sam in the great European conflict. Mrs. Drady made an eloquent speech in presenting the pin. Mrs. Wyman responded feelingly. With tears streaming down her cheeks she told of the achievements of her sons and declared she had two other boys who were preparing to enter the struggle for democracy and freedom. Her great sacrifice has earned the admiration of the world.

Some time ago Judge G. W. Smith of Fresno heard of the great sacri-

fice Mrs. Wyman was making. He at once secured sufficient money to buy her a handsome service pin. The judge delegated Mrs. Drady to make the presentation on behalf of Mrs. Wyman's admirers in Fresno. The pin has seven stars jeweled on the front of the pin while on the reverse side are the words "Patriotic admirers of Fresno, Cal." It is dated July 4, 1918.

Mrs. Wyman is very proud of the gift and values it highly. She will always wear it with commendable pride for few mothers in the country have made such a sacrifice for the colors and for the cause of freedom.

Some time ago Mrs. Wyman was presented with a beautiful service flag of seven stars by loving admirers of this city. She is very proud of the flag.

Mrs. Wyman is an old resident of the county having come here in her childhood and raised her family who are now fighting for their country.

PHELPS ANNUITIES CAUSE OF CIVIL ACTION

Edward T. McLean and his wife, Mattie McLean and Alfred A. McLean, have petitioned the superior court to compel the executors of the Josephine A. Phelps estate to pay Edward McLean and wife \$600 and Alfred A. McLean \$600, balances due on annuities under the terms of Mrs. Phelps' will. The petitioners claim that amount is due them from the estate. They ask that it be paid and that in future as the annuities fall due they shall be paid in full promptly.

Mrs. Josephine A. Phelps died on December 5, 1916. She left a will and under its terms Edward T. McLean and his wife were to receive an annuity of \$10 a month and Alfred A. McLean a similar sum monthly. That when the executors secured the sum of \$240,000 they were to invest this money and the McLeans were to receive one-twentieth of the income for life.

There is sufficient money in the hands of the executors to pay all claims as the estate recently sold to the Spring Valley Water company a parcel of land in the foot hills for \$90,000.

Henry L. Carson of San Francisco is the attorney for the petitioners.

They have been residents of Redwood City for 14 years and separated on June 29 last after living together for nearly 18 years. He constantly abuses England and the English people thus causing her much annoyance and heartaches. Hoffman is employed by the United Lumber and Supply company of this city at a wage of \$3.50 a day. Merrill died at Contra Costa county on January 24, 1918, that on September 27, 1917, he deeded the property to his son, Herbert R. Merrill, for a consideration of \$10. The instrument was found in the safe deposit box of the deceased and came into the possession of defendant who filed it in the recorder's office here on February 8, 1918. JITNEY MEN TO FREMONT MUST OPERATE TO CITY'S ADVANTAGE

The board of town trustees held an adjourned meeting Monday night to discuss with the jitney men the proposed regulation of the traffic between Camp Fremont and Redwood City. All the members of the board were present with the exception of Trustee Jones. A number of soldiers from the camp were present. They wanted a schedule that would bring them to the camp at 6 a. m.

A. M. Andrews, who is the manager of the Chamber of Commerce Blue Bus line explained that his schedule called for the departure of one bus from Redwood City at 5:30 a. m. and that this schedule had been rigidly carried out.

Trustee Ryan insisted that the jitney men give a good service to the camp. All agreed to do so.

After considerable discussion it was agreed that Mr. Andrews should be given full control of the jitney situation.

The board felt that this would be the only solution to the difficult matter, and after considerable discussion, made the following order, on motion of Trustee Ryan, seconded by Trustee McNulty.

No jitney license will be issued to any person who refuses to cooperate in every way and work with the Chamber of Commerce bus lines. All

licenses now held by such persons will be speedily revoked. Hereafter all applications for jitney permits between Redwood City and Camp Fremont must have approval of the above organization. Andrews agreed to have the first bus leave Redwood at 5 a. m.

On motion of Trustee Kreiss, seconded by Trustee McNulty, Clerk Price was directed to notify the officers at Camp Fremont of the above action of the board.

Charles G. Landscheit, captain of the Redwood Home Guards, appeared before the board and asked the trustees if they could see their way, to appropriate some money toward the fund that is being raised by the local organization to secure new uniforms.

The members of the board expressed their willingness and desire to help in the worthy cause and assured Captain Landscheit that they would give the matter their serious attention and see what could be done by the next meeting.

The Home Guards were granted permission to hold a three o'clock dance in the Alhambra hall on Wednesday evening, July 17.

The members of the board met again Wednesday evening but adjourned immediately after roll call, doing no business. The board will meet next Monday evening.

Dr. A. F. Main formerly a practicing physician in Redwood City but more recently following his profession in Oakland has been commissioned a first lieutenant in the U. About twelve years ago he applied to the office of coroner and public administrator of the county but was defeated in the convention by the late Dr. H. G. Plymre. He left the county soon after and established an office in Oakland. There he built up a big practice and left the best paying business in Oakland to join the army. He could not withstand the call of patriotism. He felt that he should contribute his bit to the cause of humanity.

A DUTY TO PERFORM

California may well take satisfaction in the thought that it has Thomas J. Lennon as its servant. No other man placed by popular suffrage in a high office of this state has labored with truer fidelity or greater zeal for the interests of the people than Judge Lennon. For fourteen years he has been a judge and for the last eight years Presiding Justice of the First District Court of Appeals.

Judge Lennon, who is favored by voters irrespective of party lines, is out in the field as a candidate for one of the two positions to be filled on the State Supreme Court bench.

No man could be found better fitted than he to fill this important position. During his long service in the State judiciary he has amply demonstrated his ability to make good. As leader of the First District Court of Appeal he has not only made good to the fullness of the measure ordinarily required but he has gone further and has introduced reforms in procedure that have excited the commendation of lawyers and jurists throughout the country.

FRESH WATER PROVIDED

The American soldier in France gets pure drinking water from mobile water trains. The trains are under the jurisdiction of the Army Medical Department. They are miniature water works, which chemically treat, filter and sterilize water, making it fit for consumption. What municipal water works do to insure healthful water to the people of a city these trains do for the soldiers.

A number of purification units attached motor-tanks constitute a train. Each unit is a complete filtration plant including laboratory. Arriving at a stream it sets hose into the water and pumps the water through a pressure tank. Before the water passes through a sand filter to rid it of disease germs. The pure water is pumped into tanks mounted on trucks, which carry the water to the soldiers.

Each mobile water unit carries an expert chemist, bacteriologist, and pumpman. There is a complete laboratory in the front of the machine for the testing of the water. Tests are made every two hours or more often when it is thought necessary. The water is lifted into the filter by a gasoline pump engine, and a complete supply of extra pipes and tools are carried so that all repairs, either from accident or shell fire, can be made on the spot. The trucks are equipped with electric lights so that the work can be carried on at night. Many of the chemists and bacteriologists assigned to the mobile laboratories were formerly connected with municipal water works and filtration plants.

RE-ELECT DR. THOMPSON

Dr. Thompson, the popular supervisor from the fifth township, has earned his re-election by the way he has managed the affairs of his district during the past four years. The roads in that section were never in such good condition. With the small amount of money allotted to him he has done wonders in the way of road construction. As chairman of the board he has displayed tact and ability according to all fair treatment and giving those having business before the supervisors a thorough hearing. His fairness has gained for him the good will and admiration of every one. The voters of the fifth township should keep him in office.

EKSWARD DESERVES SUPPORT

Assemblyman Frank L. Eksward deserves to be returned to the legislature for another term. He has carried out all his pledges made to the people two years ago and during his term has made good. Owing to his experience he will be in a better way to accomplish more for his constituents and the county. It would be unwise at this time to make a change. Mr. Eksward is a tireless worker, a splendid campaigner and a man who generally gets whatever he goes after. The voters of San Mateo county are urged to reelect Mr. Eksward.

WILL SUPPORT NEIGHBOR

Many from this county are supporting the candidacy of J. O. Hayes for Governor for he is their next door neighbor and a man worthy of their enthusiastic support. Mr. Hayes will receive a big vote in San Mateo county.

REPORT OF SESSION OF SUPERVISORS

The board of supervisors met in regular session Monday, July 8, at 10 a. m., there being present Dr. C. V. Thompson, presiding, T. L. Hickey, W. H. Brown, John MacBain and Jos. M. Francis.

The following reports of county officers were received at the meeting of July 1st and ordered filed:

On motion of Francis, seconded by MacBain, the sum of \$1,500 was ordered transferred from the Fourth Road fund to the Fifth Road fund, the money to be paid when it is available.

County Purchasing Agent Ernest Werder appeared before the board and submitted policies from the following persons for insuring the automobiles owned by the county and used by County Surveyor J. V. Neuman, Sheriff Michael Sheehan and J. R. Eubanks superintendent of the county farm and hospital. The board looked over the policies carefully and acted upon them later during the session.

A communication was received from County Auditor J. J. Shields, calling the board's attention to the law requiring the publication of the statistical report of the financial transactions of the county for the fiscal year, 1917-18. On account of the tremendous increase in the cost of paper, the auditor in his report asked that the sum of \$300 be appropriated for this work, \$50 above that allowed last year.

On motion of MacBain, seconded by Brown, the report was ordered published and the amount of money asked by the auditor allowed.

Mark E. Ryan, chief of the Redwood City fire department, who had been requested by the board to make an investigation of fire conditions in the mountains around La Honda, Pescadero and vicinity with a view of appointing fire wardens to patrol the district, made a report to the supervisors and suggested the names of several persons who would be suitable for the above positions and also submitted a list of tools and apparatus necessary for the use of fire wardens in fighting forest fires.

On motion of MacBain, seconded by Brown, Mr. Ryan was empowered to confer with County Purchasing Agent Ernest Werder and secure the above tools.

Acting upon the recommendations

of Ryan the board, on motion of MacBain, seconded by Hickey, appointed the following men as fire wardens, they to be employed three days a week, Saturdays, Sundays and Mondays, at a wage of \$4.00 per day.

Harry H. Main, Walter (Doc) King, and Gus Luger.

A communication was received from Miss Lillian Haley, executive secretary of the Social Service Commission in which the commission made certain recommendations regarding the granting and withdrawal of county aid in the cases of various persons in different parts of the county.

On motion of MacBain, seconded by Hickey, the communication was laid over for action until the meeting of Monday, July 15, in order to give the members of the board an opportunity of investigating conditions connected with several of the cases mentioned in the communication.

The report of County Auditor J. J. Shields, showing the amount of money that can be drawn against the several funds of the county during the month of July, 1918, was read and ordered filed.

The usual monthly claims were passed and allowed, on motion of Hickey, seconded by MacBain.

There being no further business, the board adjourned at 11:30 a. m. to Monday, July 15th, at 10 a. m.

The board reconvened as a Board of Equalization. No applications having been received for reduction of assessment, an adjournment was taken sine die.

THE WEEK'S EVENTS IN LOCAL CIRCLES

Redwood City as Seen Through Incidents Gathered Here and There

Joe Goertzhain, one of Redwood's popular young men, is back at his old job as assistant to Jack Murphy at the Cullen store.

Ted Tolner, well known in Redwood City, has resigned his position in the Mayfield brewery and will take up work on his ranch.

Mrs. J. Mayenheider and daughter, Viola, are down from the city and are stopping at their pretty Grant avenue home.

Mrs. Hudson and her son, Joseph, are here from Vancouver on a short visit to Mrs. R. F. Paul, Mrs. Hudson's sister.

Frank Thompson, the butcher, will open a shop in the Offerman building on Main street on August 1st. Mr. Thompson was formerly connected with the City Market.

Misses P. Gibson and C. Chaves, pupils of Notre Dame Academy, will forego their vacations this year to give their services to the government. They are employed in the aircraft plant.

If you have Watch trouble see watch doctor, George Peterson, 214 Main street, Sequoia Hotel Building.

Miss Anita War of this city, who taught in the Alpine school last term, has been elected to teach in the Hornitos school, Mariposa county, and will shortly depart for that place. Her place in the Alpine district has been taken by Miss Henrietta Dyer of Mountain View, a recent graduate of the State Normal school at San Jose.

Word has been received from Alexander Gomez at Camp Merritt New Jersey, to which cantonment he was sent from Camp Lewis two weeks ago to the effect that he will soon start for the front in France. He will be accompanied by several other Redwood City boys. Mr. Gomez is a grandson of Mrs. John Kearse of this city.

Miss Josephine Read, young daughter of Mr. and Mrs. John Read of this city, has been appointed a teacher in the Sunnyside school near Pescadero. She recently graduated from the State Normal school at San Jose. Miss Read is a talented and accomplished young lady with a host of friends in this city. She is very popular with the younger set.

Arthur E. Neuman, wife and daughter have returned from an outing at Font's Springs, Colusa county, and report that J. B. Feliz was in charge of a very successful barbecue at that place which was held in connection with the 4th of July celebration. Mr. Feliz' cleverness as master of ceremonies at such an affair is well known in this city where he formerly resided.

J. B. Hughes, principal of the Oroville high school, called on friends here during the week. He is residing at San Mateo for the summer. His wife, who withdrew from the congressional fight some weeks ago, is a candidate for the assembly from Butte county. Her friends predict her election. Mrs. Hughes is accounted one of the best stump speakers in the State.

Dr. W. O. Stuttmeyer leaves on his annual vacation of a month to be spent in various parts of the State and at his cozy country home in Marin county early next week. The doctor is certainly deserving of a respite from labor for he is a hard working and industrious professional man. He is an expert dentist who has clients from all portions of the bay counties. At times he finds it impossible to give all his attention.

H. S. Hersman, the Gilroy banker, and farmer, who is making the race for Congress in this district, was in Redwood City on Thursday calling on the voters. Mr. Hersman is a courteous gentleman and makes a good impression where ever he goes. Hersman has already been through the southern part of the district, but later on will make another trip. He is conducting a personal campaign and plans meeting with many voters as possible. His district includes San Mateo, Santa Clara, Santa Cruz, San Benito, Monterey, San Luis Obispo, Santa Barbara and Ventura counties.

INTERESTING ITEMS FROM SAN CARLOS

Happenings in Our Northern Neighbor Town Reported by One of Its Residents

Lyle G. Clark bade farewell to his many friends and departed on the Lark last Monday night for San Diego where he is to report to the naval reserve.

Mrs. Eugene Hawes Schroeder of San Francisco was here for the week-end with her sister, Mrs. Virginia A. Lord.

There was such a demand from the transient auto parties for berries that the San Carlos Berry Farm disposed of all their pick last Sunday at the entrance and were thus saved the expense and trouble of packing for shipment to the markets in San Francisco.

Unless all old fashioned singings fall wedding bells will be ringing in San Carlos before the war is over, although the happy event is a profound secret for lack of oral confirmation.

Asa Hull has about completed the grading on Walnut street in the school house block and will soon have the work in readiness for Supervisor Brown to put on the macadam.

Mrs. Edna Hurlbut and her daughter, Miss Ruby, of Piedmont, were visitors at the Clark home for the week-end.

Mrs. Philo S. Johnson and Master Everett have returned to their home in Calistoga after several weeks visit at the home of Mr. and Mrs. Edward E. Jones.

Young Albert O'Brien the promising attorney has come to Guerneville, Sonoma county, on legal business for the law firm which he represents in San Francisco.

Mrs. J. W. Buell from the Atlantic coast who has been sojourning in California for several weeks is visiting at the home of her sister, Mrs. John Farnham.

Coleman Hull of San Mateo was a natal day guest at the Boyd home.

The first shipment of baby turkeys from the San Carlos Truck Farm were sent to Mrs. J. J. Lynch at San Anselmo last week. The proprietor is receiving orders from all parts of the state for these fine young birds, one party in Los Angeles placing an order for five hundred. From the present outlook San Carlos will shortly become a second Petaluma.

The joke has just leaked out, until it has become public property, that Trustees Kendall and Cowgill were so ignorant of the alien labor laws of California that they employed a Japanese laborer to clean the windows and scrub the floors in our new school house in order to have it spick and span for the Red Cross entertainment and dance and now these two city fathers have to foot the bill, which thanks to Trustee Haydock, who is authority on the California school laws, is only 75 cents, for Trustee Haydock pilled the Jap off the job two hours after he went to work. However, it is to the credit of Kendall and Cowgill that they had made every effort to procure white labor with union cards in their pockets before engaging the alien and they are now glad that they secured this information at so little expense, for they well appreciate that experience is some time a very dear teacher.

The wife of Louis La Place, the ex-policeman of San Francisco, and who is now one of Uncle Sam's commissioned officers at the front in France was here for the week-end at the home of her sister, Mrs. Mary E. Quinn.

Some folks are so sensitive about seeing their names in the papers that they scan all our local publications most scrutinizingly to see if some correspondent has inadvertently placed their names in one of his writeups and this regardless that they are not subscribers. If it is against our reputations to have our names in the paper the politicians had better look out.

Before leaving to spend the lunch hour in Redwood Tuesday we had a pleasant call from the old Building Trades veteran Frasher candidate for Justice of the Peace in the second township, and upon our return we find the card of Porter E. Lamb, who is on the job and wants to stay with it, and we regret that we were out when Mr. Lamb called as we want to inspect them all. Mr. Frasher would prefer to go to Berlin and get the Kaiser, but as he is minus one leg and is not eligible he is willing to sacrifice his ambition in that direction and let the other fellows go to Berlin while he stays at home and collects thrift camps in payment of fines.

Our local station agent is in receipt of a circular from Mr. Howard H. Hays, manager in charge of the Bureau of Service National Parks and Monuments, which was recently created by the United States Railroad Administration for the purpose of creating interest in our Seventeen National Parks and thirty-five National Monuments, and to assist the public in making tours thereto. In this circular Mr. Hays announces that the government publications on National Parks are available to the public free upon application. These little booklets are very interesting reading matter and particularly the one entitled "Glimpses of Our National Parks" by Robert Sterling Yard a forty eight page illustrated booklet dealing in general terms with

WANTED—First-class day laborers for garden work, steady position at first-class wages. Call at the Heller home, Isabella avenue, Atherton, between 6 and 7 a. m. this morning.

Some time Sunday night thieves entered the garage of E. L. Eyre at Atherton and carried off automobile tires worth \$300. Sheriff Sheehan was notified and is making a search for the culprits.

Donald Derry is a guardsman on the Tacoma plying between New York and French ports. He made his initial trip last week. His brother, Frank, is at Camp Mills awaiting his departure for the front.

The W. J. Murray building on Merrill street near the post office has been leased to the county for a police station. The traffic squad and the local police force will have headquarters in the building.

Miss Emily Lynch and Miss Rose Lynch left on Monday for a vacation of two weeks to be spent at Reno, Nevada, with their brother, J. B. Lynch, who is the landscape gardener for the University of the State of Nevada.

All voters are urged to register as the time for registering will expire on July 27. Not more than half of the electors of Menlo Park have registered. All are urged to do so at once. The local registrars are W. J. Murray, Frank Kirkpatrick and J. G. Mason.

A hay stack belonging to John McNally was burned Wednesday afternoon. It contained about 15 tons of hay and was worth \$300. The cause of the fire is unknown. There was no insurance. Mr. McNally is having hard luck. He only had about a third of a crop and a portion of that was destroyed by the fire.

Owing to the shortage of water in the Bear Gulch lake the company is pumping water from the James L. Flood wells to the mains in order to supply the big demands made on the water system. The Bear Gulch company furnishes a portion of the water used at Camp Fremont. However, the greater part is provided by the Spring Valley Water company.

A large flag pole was erected on the front lawn of the Camp Fremont officers' club yesterday. The dedicating of a beautiful silk flag to go on the pole will take place early next week with due military pomp. It is expected that Major-General Graves of Washington, the new commander of Camp Fremont, will arrive in time to take part in the ceremony.

The retreat for pastors of the Catholic church in the diocese of San Francisco is being held this week at St. Patrick's Seminary. Over 100 priests are present. The retreat for the assistant priests will take place next week. Bishop Carroll of Montana, a noted orator and churchman, is giving the retreat. The bishop is a personal friend of Major Gale, chief of the judge advocate's office of Camp Fremont. The latter was attorney general of Montana before enlisting in the army.

A. L. McKendry, who became temporarily deranged at Santa Cruz on Monday, where he owns a summer home, has been committed to the State hospital at Agnew to undergo treatment. It is believed that excitement brought on by reading accounts of the war brought about a mental depression, but that his condition will be benefitted with a short rest. McKendry is the owner of the well-known McKendry ranch at Ravenswood and resided there up until a short time ago.

Extensive alterations have been made at the National Defenders' club to accommodate the growing attendance of Fremont soldier boys at this popular rest place. A large-lunch counter has been installed and a wing built on the east side of the building. The new building is a very vivid description of eleven of the most important government reservations such as Yosemite, Yellowstone, Mount Rainier, Crater Lake, Mesa Verde, Sequoia, and General Grant. Hot Springs of Arkansas, Glacier, Rocky Mountain, Wind Cave, Casa Grande Ruin and the Grand Canyon of Arizona. These can be procured by addressing Mr. Howard H. Hays at 2150 Transportation Bldg., Chicago, Illinois.

House for a billiard room. Extra furnishings in the way of comfortable chairs and divans have been added to the great living room where the men congregate every evening to enjoy themselves at games. The delicious quality of the food, which is largely donated by the women of the peninsula, and the reasonable rate charged for those delicacies which mankind the nation over likes, is one of the reasons for the club's popularity. —why the Bank of Italy should be named as Executor under your Will

OVER five billion dollars are held in trust today by the fiduciary institutions of the United States. Isn't this overwhelming evidence that corporate executors and trustees are being trusted?

Consult your lawyer about the advisability of naming the Bank of Italy as executor under your will. Don't make the mistake of thrusting the management and administration of your estate upon some friend or relative who undoubtedly has plenty of troubles of his own.

Prevent your hard-earned wealth from being lost by inexperienced heirs. If your estate is held in trust and managed by the Bank of Italy, its conservation and protection will be assured.
